

# **Lonely Nights**

**By: Jaap Schilder**

Please, Don't Try To Hide Your Love  
Your Eyes Tell Me What You're Thinking Of  
You Can't Forget  
The Words That I Said To You  
Like "I Love You"

Words Can't Say What I Mean With "Love"  
But Sympathy Is What I Mean My Love  
I've Got No Rest  
Until You Confess To Me  
That You Love Me

Lonely Nights Will Come No More  
Things Will Be Better Than Before  
Our Happiness At Least Will Last  
Till Our Days Have Past

Please, Don't Try To Hide Your Love  
Your Eyes Tell Me What You're Thinking Of  
You Can't Forget  
The Words That I Said To You  
Like "I Love You"

Lonely Nights Will Come No More  
Things Will Be Better Than Before  
Our Happiness At Least Will Last  
Till Our Days Have Past

Lonely Nights Will Come No More  
Things Will Be Better Than Before  
Our Happiness At Least Will Last  
Till Our Days Have Past
